

MV7, Inc. (MV7) is an SBA 8(a) certified Minority Business Enterprise (MBE) and Woman-Owned Small Business (WOSB). MV7 performs general construction, demolition, remodeling, and construction management. Additionally, MV7 provides Human Resource consulting services, including identification, screening, recruiting and placement of employees, design and review of clients' HR policies and procedures, benefits, and compliance. MV7 also can provide staff augmentation services, placing professionals on military installations in the southeastern U.S. and currently maintains a database of more than fifty thousand potential employees specifically experienced in Architecture, Engineering, Construction, and Construction Management.

Mrs. Jacqueline Mattiaccio, President and CEO of MV7, possesses more than twelve years of experience in the construction, engineering, and environmental industry, specializing in all aspects of business administration, management, finances, risk management, and employment (including the identification, screening, recruiting and placement of professional employees in the administrative, architectural/engineering, construction, and construction management professions).

The professional recruitment services provided by MV7 include performing background checks, security clearances, negotiating salaries and benefits, enforcing safety regulations according to company policies, and processing administration of fleet department.

Experience:

MV7 was incorporated in August 2008, and is an SBA 8(a) certified, small, woman-owned business providing a broad range of professional services and staff augmentation to private and governmental clients. MV7 has successfully completed multiple projects including demolition and general construction and remodeling. Additionally, MV7 provides Human Resources Consulting Services to a wide variety of private clients in many industries.
